TRAINING FOR CHURCH MULTIPLICATION ..SUSTAINABLE CHURCH MULTIPLICATION MARCH, 2015

Patrick and Debbie are in PERU for 43 days, training in-country leaders for church planting. We have been in the jungle area called Chazuta de Tarapoto; the high Andes area of Cuzco, where the local leaders kept us busy every day except one in four areas/towns. Then we were in the northern Andes of HUANCAYO.

This is typed from LIMA where the goal is *not* simply training, but it is to train trainers. Next week training is to be in MOYOBAMBA (Debbie) and AREQUIPA (Patrick).

Themes:

- 1) Disciple others always.
- 2) Catch the Lord's vision for His harvest within your locale.
- 3) Start with your family & friends.
- 4) Look for 'Persons of Peace'.
- 5) Pray, pray pray, as you go, go, go.
- 6) Share the Gospel with simplicity.
- 7) Disciple those who respond to His call.
- 8) Start new home groups.
- 9) Rinse and repeat.

Lots of hugs when we depart from each 2-3 workshop, but also MANY PHOTOS...OF US! ↑

We use graphics to reinforce the ingredients for healthy churches. New churches have those who: have repentant hearts; who pray; who take the Lord's Super; who take baptism; who give to the Lord, etc. →

[PERU = Our 5th training in PERU in 22 months, with MENTEES doing well in various locations. We are inviting one certain mentee to accompany Patrick to SPAIN, for an exploration trip to SPAIN, this DECEMBER 7th.]
