Training for church multiplication

Sustainable Church Multiplication

Jesus said to his disciples, "The harvest is plentiful, but the laborers are few; therefore pray earnestly to the Lord of the harvest to send out laborers into his harvest." Luke 10:2

ACTION missionary, Paul Goodner trained Cambodian pastors and lay workers in Battambang and Siem Reap partnering with Cambodian Ministries for Christ and their director, Radha Manickam.

We trained them to multiply themselves as workers in the harvest and start new small churches.

Latest Report: New groups of people evangelized, new disciples trained, and new small churches started!

Praise God for His faithfulness!

**Church planting through,
disciples making disciples,
with the intent of
starting new churches.**

Matt. 28:19-20!
