Focus for December, 2011 ministry in E & C ➡

Starting house churches, which multiply!

Effective workshop training in IBARRA, ANCHAYACO (Ecuador), BOGOTA and CHIA (Colombia), training the simple ABC's of house churches & church planting.

Training faithful persons...

- 1) To start small “house” churches with permission to obey ALL commands of Jesus.
- 2) To find new workers, we must “pray and look”.
- 3) To train new workers, we must “share authority”.
- 4) To instruct trainees, with simplicity.
- 5) To remember to “send out new workers” (2 by 2).
- 6) To coach them to disciple others, who disciple others, who disciple others, who disciple others.

Special points of interest:

- Praying for many new house churches.
- Serving not as “experts”, but as coaches.
- Sticking to the basics of what the Bible says.
- Using drama, during workshops.
- Please pray for MANY new house churches.
